Dear Goshala BJ patrons,

June 2022

Hope this monthly letter finds you all doing well. Here are some updates from Goshala BJ Animal care.

1) YOUR DONATIONS AT WORK!

a)Veterinary visit in San Martin goshala

Thanks to your donations we were able to bring in a licensed Veterinarian to do the medical check-up on the cows. The veterinarian has given very constructive feedback regarding the behavior development of cows plus further needs to improve the medical check-up area. The training is much needed as a first priority to achieve success while administering annual vaccinations by the caretaker, performing personal grooming/showering to cows regularly, successful Vet visits, and public events in goshala/sanctuary.

We will be supporting the goshala by taking measures to provide the much-needed training sessions for cows and schedule another Veterinary visit in near future.

b)Freshwater arrangements for goshala residents

Summer got us busy piloting the freshwater arrangements in SanMartin goshala. Programmed controllers have been installed to;

- ★ Provide fresh water servings throughout the day & night at various spots.
- ★ Resolve the running water wastage problem to support California drought's water conservation efforts.

~ With the new plan → cows will have their water troughs receive automatic freshwater four times a day! ~
