

A New Phase for Maya

(Maya approaches volunteers and interacts in spatial proximity)

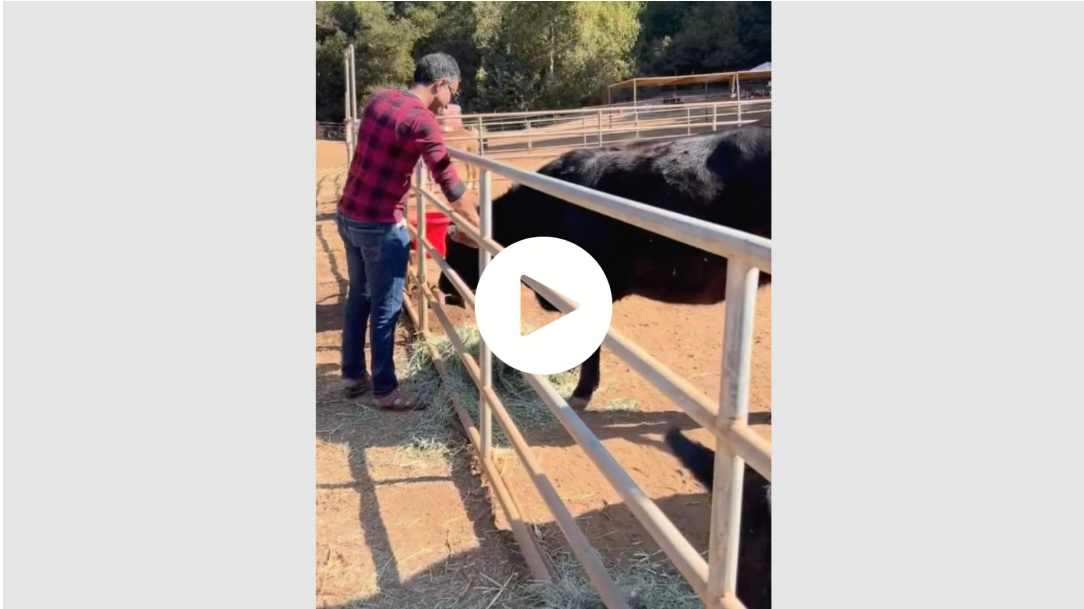

Dear Goshala BJ Patrons,

The holidays are near, and it is the season for giving and spending time with loved ones. We would like to say thank you to all of our patrons and volunteers who have helped support our cause. You have made a significant impact on these abused and mistreated animals.

The human-animal bond is an important relationship that has mental, emotional, and physical benefits for both animals and people. These positive relationships and social and emotional interactions, release oxytocin for both.

When a bond is formed between cows and humans, you can see trust in several ways, such as affection, following, mooing, licking, and playing with you. This positive relationship is a rewarding experience for all.

Check out our latest interactions with Maya!

(See the rewards of volunteering!)

2023 Silver Seal

We’ve just earned our 2023 Silver Seal with Candid’s Seal of Transparency on GuideStar. This is awarded to those who demonstrate transparency to funders and donors.

Happy Holidays!

Goshala BJ Animal Care would like to wish you a joyous and wonderful holiday season filled with friends and family.

PVSA Award Program

PVSA Youth Program 2023- 2024 will continue till July 31st, 2024.

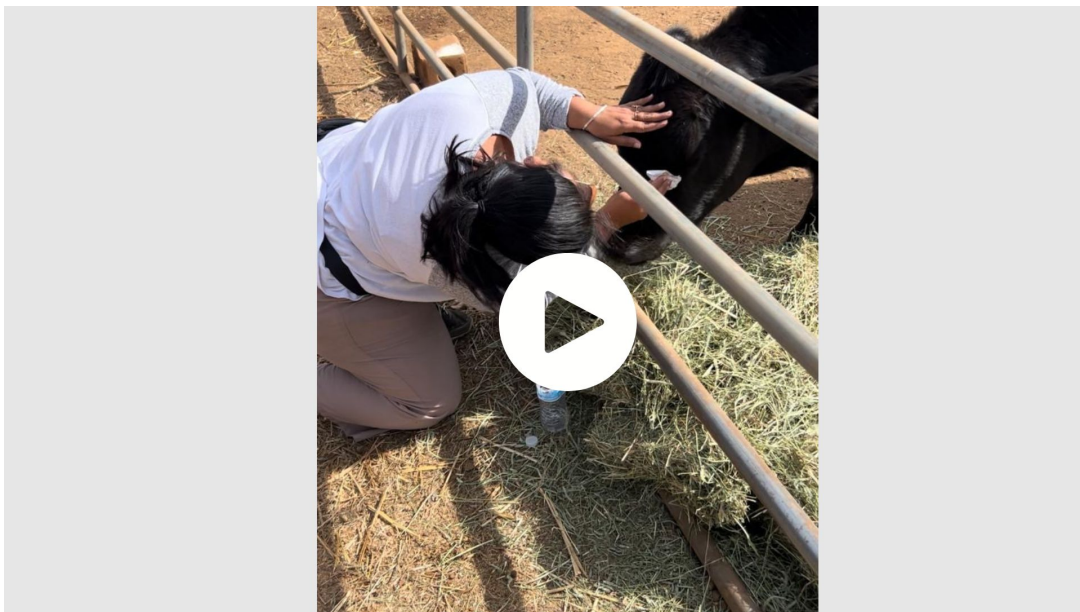

We would like to encourage our youth volunteers to continue their journey and consider participation in potential events to help us do outreach i.e. holiday activities, farmer's markets, and local school programs. We need your help to find these events, and we will seek permission for outreach. As a volunteer, you would help us set up our booth and banners, distribute flyers, and help answer questions. All volunteers would receive advanced training for these events.

Our next **sanctuary volunteer event is December 17th from 1-4 pm** in Morgan Hill.

Advanced registration is required. Click below:

The Spirt of Giving

(See how your interactions and donations have changed an animal's life!)

This is the perfect time of the year to think about giving back to your community. Please consider donating or volunteering towards our efforts to rescue cows and bulls.

Help us achieve our fundraising goal of \$36k to ensure our next rescue will have sustained funding for the initial few years passed his/her rescue and rehabilitation.

**Check to see if your company can match your donation on [Benevity](#), [Yourcause](#), [Frontstream](#), [Cybergants](#), and [Bright Funds](#)!*

Help Us!

Animal sanctuary Partnerships

Special Appeal- We are always looking for collaborations with animal rescues and sanctuaries in the California Bay Area to join us in our efforts to rehabilitate more slaughter-bound farm animals, especially cows and bulls. Please email us if you know of any potential organizations, willing goshalas, or animal rescue sanctuaries.
